**Примечание для нынешних участников:** В этом формуляре произошли изменения, по сравнению с прошлым годом. Просим вас изучить этот документ, чтобы убедиться в том, что в нем все еще указано то лекарство, которое вы принимаете.

Слова "мы", "нас" или "наш", которые используются в данном "Списке лекарственных средств" (формуляре), обозначают компанию "Village Senior Services Corporation". А когда употребляются термины "план" или "наш план", они обозначают план VillageCareMAX.

В этом документе описывается "Список лекарственных средств" (формуляр) для нашего плана, по состоянию на 04.27.2025. Если вам нужна обновленная версия "Списка лекарственных средств" (формуляра) - обращайтесь к нам. Наша контактная информация, а также дата последнего обновления "Списка лекарственных средств" (формуляра), указаны на передней и задней обложках буклета.

В целом, при получении льгот, касающихся рецептурных лекарств, вы обязаны использовать те аптеки, которые входят в состав нашей сети. Льготы, список оплачиваемых лекарств, перечень аптек, которые входят в состав нашей сети и/или суммы совместной оплаты и совместного страхования могут подвергнуться изменению с 1 января 2025 года (а также периодическим изменениям в течение года). В случае необходимости вам будет предоставлено уведомление.

### **Что это такое - формуляр плана VillageCareMAX?**

В данном документе мы используем названия "Список лекарственных средств" и "формуляр", которые означают одно и то же. Формуляр это список оплачиваемых лекарственных средств, которые выбрал план VillageCareMAX после консультаций с группой поставщиков медицинских услуг, который соответствует методам лечения с помощью рецептурных лекарственных средств,

предположительно необходимым для качественного лечения. В целом, план VillageCareMAX будет оплачивать такие лекарства, которые перечислены в нашем формуляре, при условии, что такое лекарственное средство необходимо с медицинской точки зрения, было получено в аптеке, входящей в состав сети плана VillageCareMAX и соблюдались другие правила, которые установлены планом. Для получения дополнительной информации о том, как получать свои рецептурные лекарства, просим вас обращаться к буклету "Описание страхового покрытия".

## **Изменяется ли информация, указанная в формуляре?**

Большинство изменений, которые касаются оплаты страховкой лекарственных средств, происходят по состоянию на 1 января. Однако наш план может в течение года добавлять или удалять лекарственные средства, входящие в "Список лекарственных средств", переводить их в другие группы совместной оплаты или может устанавливать новые ограничения. При внесении таких изменений мы обязаны соблюдать правила, установленные программой "Медикар". Обновленный формуляр ежемесячно публикуется на нашем веб-сайте по этому адресу: [www.villagecaremax.org](http://www.villagecaremax.org).

**Изменения, которые могут затронуть вас в этом году:** В нижеописанных случаях вас будут затрагивать изменения, вносимые в страховое покрытие в течение года.

- **Немедленная замена определенных новых версий запатентованных лекарственных средств и оригинальных биологических продуктов.** Мы можем немедленно удалить из нашего формуляра какое-либо запатентованное лекарственное средство, если мы заменим его на какую-либо новую версию такого лекарственного средства, которое будет использоваться в той же самой группе совместной оплаты (или в более низкой группе), с одинаковым или меньшим объемом ограничений. Когда мы будем добавлять в формуляр новую версию лекарственного средства, мы можем принять решение о том, что запатентованное лекарственное средство или оригинальный биологический продукт будут продолжать находиться в нашем списке, однако мы немедленно переведем его в другую группу по совместной оплате, или можем добавить новые ограничения для него.

*Мы можем вносить такие немедленные изменения только в том случае, если мы добавляем новое воспроизведенное лекарственное средство, заменяющее запатентованное лекарственное средство, или добавляем определенные новые биоаналоги оригинального биологического продукта, который уже внесен в формуляр (например: мы добавляем взаимозаменяемое биоаналогичное средство, которым в аптеке могут заменять оригинальный биологический продукт без необходимости получать новый рецепт).*

Если в настоящее время вы принимаете запатентованное лекарственное средство или оригинальный биологический продукт - возможно мы не сможем заранее предупредить вас о внесении такого немедленного изменения. Однако мы позже предоставим вам информацию о конкретном изменении (или изменениях), которые мы внесли.

Если мы внесем указанное выше изменение, в таком случае вы (или лицо, которое выписывает вам лекарственные средства) можете попросить нас, чтобы мы сделали исключение и продолжили оплачивать вам лекарственное средство, которое было заменено. Для получения дополнительной информации см. раздел "Как я могу запросить, чтобы мне предоставили исключение из формуляра плана VillageCareMAX?"

Некоторые из таких типов лекарственных средств могут быть для вас новинкой. Для получения дополнительной информации см. раздел "Что это такое - оригинальные биологические продукты и каким образом они связаны с биоаналогами?"

- **Лекарственные средства, которые выводятся с рынка.** Если производитель лекарственного средства выводит его с рынка, или если Управление по контролю за продуктами и лекарственными средствами (FDA) решит отозвать его с рынка по причинам, касающимся безопасности или эффективности такого средства, в таком случае мы можем немедленно удалить соответствующее лекарственное средство из нашего формуляра и позже мы предоставим уведомление для тех участников, которые принимают такое лекарственное средство.
- **Прочие изменения.** Мы можем вносить другие изменения, которые будут касаться участников принимающих лекарство в настоящее время. Например: мы можем удалить из формуляра запатентованное лекарственное средство, когда мы добавляем его воспроизведенный эквивалент, или можем удалить оригинальный биологический продукт, когда мы добавляем биоаналог. Мы также можем установить новые ограничения на запатентованное лекарственное средство или оригинальный биологический продукт, или можем перевести его в другую группу по совместной оплате (или можем сделать и то, и другое). Мы можем вносить изменения на основании новых клинических указаний. Если мы исключим лекарственное средство из нашего формуляра, добавили требование о получении предварительного разрешения, о предельном количестве, поэтапном лечении и/или введем другие ограничения, мы обязаны будем сообщить участникам, которых коснутся эти изменения, как минимум за 30 дней до вступления изменений в силу. Альтернативным вариантом для такой ситуации, когда участник запросил получение нового запаса лекарственного средства, может быть получение им 60-дневного запаса соответствующего лекарственного средства и предоставление уведомления о внесенном изменении.

Если мы внесем указанные выше изменения, в таком случае вы (или лицо, которое выписывает вам лекарства) можете попросить нас, чтобы мы сделали для вас исключение и продолжили оплачивать вам то лекарственное средство, которое вы принимаете. В предоставленном вам уведомлении мы также приложим информацию о том, как вы можете подать прошение о предоставлении исключения для вас. Вы также можете найти эту информацию ниже в разделе, который называется "Как я могу запросить, чтобы мне предоставили исключение из формуляра лекарств плана VillageCareMAX"?

**Изменения, которые не будут затрагивать вас в том случае, если вы в настоящее время примете лекарственное средство.** В целом, если вы примете лекарственное средство, которое включено в наш формуляр на 2025 год, и которое оплачивалось в начале года, мы не будем прекращать или сокращать страховое покрытие для такого лекарственного средства в течение всего 2025 страхового года (за исключением тех ситуаций, которые описаны выше). Это означает, что в течение оставшейся части страхового года такие лекарственные средства будут предоставляться с тем же самым уровнем совместной оплаты (и без дополнительных ограничений) для тех участников, которые принимают их. В этом году вы не получите непосредственных уведомлений об изменениях, которые не затрагивают вас. Однако такие изменения будут затрагивать вас с 1 января следующего года. Поэтому вам нужно проверять формуляр в новом страховом году, чтобы узнать о каких-либо изменениях.

Прилагаемый формуляр действителен по состоянию на 04.27.2026. Для получения обновленной информации о лекарствах, которые оплачивает план VillageCareMAX, просим вас обращаться к нам. Наша контактная информация указана на передней и задней обложках буклета.

Если план внесет в середине года изменения в формуляр, которые не являются "текущими" изменениями, в таком случае мы уведомим вас о таких изменениях по почте. В таком письме будет содержаться конкретная информация о вносимых в формуляр изменениях, которые не являются

"текущими", и письмо будет предоставлено вам по крайней мере за 30 дней до даты вступления в силу соответствующего изменения. Вы также можете просмотреть последние изменения и сам формуляр на нашем веб-сайте по адресу: [www.villagescaremax.org](http://www.villagescaremax.org) или можете позвонить в Отдел обслуживания, чтобы получить дополнительную информацию.

## **Каким образом я могу пользоваться формуляром?**

Для поиска своего лекарства в формуляре можно использовать два способа:

### **Медицинское заболевание**

Формуляр начинается на странице 3. Лекарства в формуляре сгруппированы по категориям, в зависимости от того, для какого типа заболевания они используются. Например, лекарства, которые используются для заболеваний сердца, перечислены в категории "Кардиоваскулярные средства". Если вы знаете, для чего применяется ваше лекарство - найдите в списке название категории (список начинается ниже на 3-й странице). Затем найдите свое лекарство под названием соответствующей категории.

### **Перечень по алфавиту**

Если вы не уверены в том, в какой категории нужно искать - в таком случае вам нужно искать свое лекарство по алфавитному указателю, который начинается на странице I-1. В алфавитном указателе содержится алфавитный список всех лекарств, включенных в данный документ. В алфавитном списке указаны запатентованные и воспроизведенные (непатентованные) лекарства. Посмотрите в алфавитный указатель и найдите свое лекарство. Возле названия вашего лекарства будет указан номер страницы, на которой указана информация об оплате за него. Перейдите к странице, которая указана в алфавитном указателе, и найдите название своего лекарства в первой колонке списка.

## **Что это такое - "воспроизведенные" лекарственные средства?**

План VillageCareMAX оплачивает как запатентованные, так и воспроизведенные лекарственные средства. Воспроизведенное лекарственное средство получило от FDA одобрение. В нем используется тот же самый активный ингредиент, что и в запатентованном лекарственном средстве. Обычно воспроизведенные лекарственные средства имеют такую же лечебную эффективность, но они стоят меньше, чем запатентованные лекарственные средства. Для многих запатентованных лекарств существуют их заменители - воспроизведенные лекарственные средства. Обычно в аптеках можно заменять запатентованные лекарственные средства воспроизведенными лекарственными средствами, без необходимости получать новый рецепт (в зависимости от законов штата).

## **Что это такое - оригинальные биологические продукты и каким образом они связаны с биоаналогами?**

Когда в формуляре мы описываем лекарственные средства, под это определение подпадают лекарственные средства или биологические продукты. Биологические продукты это такие лекарственные средства, которые более сложны, чем обычные лекарственные средства. Вследствие того, что биологические продукты более сложны, чем обычные лекарственные средства, вместо использования их универсальной формы используются их альтернативы, которые называются биоаналоги. В целом биоаналоги действуют точно так же, как и оригинальный биологический продукт, и они могут иметь меньшую стоимость. Для некоторых оригинальных биологических продуктов существуют биоаналоги. Некоторые биоаналоги взаимозаменяемы и, в зависимости от законов штата, в аптеках они могут заменять оригинальный

биологический продукт, не требуя нового рецепта, точно так же, как воспроизведенные лекарственные средства могут заменять запатентованные лекарственные средства.

- Для получения информации о типах лекарственных средств см. "Описание страхового покрытия", глава 5, раздел 3.1, "Список лекарственных средств", где описывается то, какие лекарственные средства по части "D" будут оплачиваться".

## **Существуют ли какие-либо ограничения, касающиеся страхового покрытия?**

Для некоторых оплачиваемых лекарств могут быть установлены дополнительные требования или ограничения в отношении страхового покрытия. Эти требования и ограничения могут включать в себя:

- **Предварительное разрешение:** План VillageCareMAX требует, чтобы вы, или лицо, которое выписывает вам рецепт, получили предварительное разрешение для использования определенных лекарственных средств. Это означает, что вам необходимо сначала получить одобрение у плана VillageCareMAX перед тем, как вы сможете получать рецептурное лекарство. План VillageCareMAX возможно не будет оплачивать такое лекарственное средство, если вы не получите предварительное разрешение на использование его.
- **Ограничение по количеству:** Для некоторых лекарственных средств план VillageCareMAX установил ограничение в отношении объема лекарственного средства, который будет оплачивать план. Например, план предоставляет 60 капсул за один выписанный рецепт для лекарственного средства Celebrex. Этот объем может выдаваться в дополнение к обычной одномесячной или трехмесячной поставке.
- **Поэтапная терапия:** В некоторых случаях план VillageCareMAX требует, чтобы вы для лечения своего заболевания сначала попробовали определенные другие лекарства перед тем, как мы начнем оплачивать иное лекарство для лечения вашего заболевания. Например, если лекарства "А" и "В" применяются для лечения одного и того же заболевания - план может не оплачивать лекарство "В" до тех пор, пока вы сначала не попробуете лекарство "А". Если лекарство "А" не окажется эффективным для вас, в таком случае мы оплатим лекарство "В".

Для того, чтобы узнать о наличии установленных для вашего лекарства каких-либо дополнительных требований или ограничений, нужно просмотреть формуляр, который начинается со страницы 3. Для получения дополнительной информации об ограничениях, касающихся конкретных лекарств оплачиваемых планом, вы также можете посетить наш веб-сайт по адресу: [www.villagescaremax.org](http://www.villagescaremax.org). На нашем веб-сайте размещена документация, объясняющая ограничения, касающиеся необходимости получать предварительное разрешение и ступенчатой терапии. Вы также можете попросить, чтобы мы послали вам отдельную копию. Наша контактная информация, а также дата последнего обновления формуляра, указаны на передней и задней обложках буклета.

Вы можете попросить, чтобы план VillageCareMAX сделал для вас исключение в отношении указанных ограничений или лимитов, или в отношении списка других подобных лекарств, которые могут лечить ваше заболевание. Для получения информации о том, как можно подавать запрос на предоставление исключения, см. раздел "Как я могу запросить, чтобы мне предоставили исключение из формуляра лекарств плана VillageCareMAX?", который находится ниже на странице "v".

## **Что это такое - лекарства, которые отпускаются без рецептов (ОТС)?**

Нерецептурные лекарства это такие средства, которые отпускаются без наличия рецепта, и которые обычно не оплачиваются планом для рецептурных лекарств, оплачиваемых по программе "Медикар". План VillageCareMAX оплачивает определенные нерецептурные лекарства. План оплачивает некоторые нерецептурные лекарства в рамках своей программы для нерецептурных льгот, чтобы лечить различные заболевания, которые включают в себя, среди всего прочего, следующие средства:

- Аспирин и обезболивающие средства для взрослых лиц
- Жидкости или таблетки от гриппа, кашля и простуды, для взрослых лиц
- Лекарства от аллергий и синусита
- Лекарственные средства от диареи
- Лекарственные средства для борьбы с грибками
- Лекарственные средства для борьбы с газообразованием
- Противозудные лекарственные средства
- Добавки для диабетиков
- Средства для органов пищеварения
- Пищеварительные пре- и пробиотики
- Здоровье сердечной системы
- Снотворные средства
- Витамины и минералы
- Средства для контроля веса (таблетки, капсулы и пр.)

Указанные нерецептурные средства план VillageCareMAX будет предоставлять вам бесплатно. Стоимость таких нерецептурных лекарственных средств для плана VillageCareMAX не будет идти в зачет ваших совокупных затрат на лекарственные средства по части "D".

## **Что делать в том случае, если мое лекарственное средство не внесено в формуляр?**

Если ваше лекарство не внесено в этот формуляр (список оплачиваемых лекарств), в таком случае необходимо сначала связаться с Отделом обслуживания и спросить, оплачивается ли ваше лекарство.

Если вам сообщат, что план VillageCareMAX не оплачивает ваше лекарство, в таком случае у вас есть два варианта действий:

- Вы можете попросить, чтобы Отдел обслуживания предоставил список подобных лекарств, которые оплачивает план VillageCareMAX. Когда вы получите этот список, покажите его своему врачу и попросите врача назначить вам подобное лекарство, которое оплачивается планом VillageCareMAX.
- Вы можете подать в план VillageCareMAX запрос о предоставлении исключения для оплаты вашего лекарственного средства. Для получения информации о том, как подавать запрос на предоставление исключения, см. предоставленное ниже описание.

## **Как я могу запросить, чтобы мне предоставили исключение из формуляра лекарственных средств плана VillageCareMAX?**

Вы можете подать запрос, чтобы план VillageCareMAX сделал для вас исключение из наших правил страхового покрытия. Ниже приведены некоторые примеры исключений, которые вы можете запросить у нас.

- Вы можете попросить нас предоставить страховое покрытие для лекарства, даже если оно не внесено в формуляр. Если вы получите одобрение - это лекарство будет оплачиваться на предварительно установленном уровне совместной оплаты и вы не сможете просить о том, чтобы мы предоставляли это лекарство с более низким уровнем совместной оплаты.
- Вы можете обратиться к нам с просьбой о снятии ограничений на оплату, включая необходимость получения предварительного разрешения, поэтапную терапию или лимиты на объем получаемого вами лекарственного средства. Например, план VillageCareMAX может ограничивать объем лекарственных средств, который мы будем оплачивать. Если для вашего лекарственного средства установлен лимит по его объему - в таком случае вы можете попросить нас снять этот лимит и предоставлять оплату для большего объема.
- Вы можете попросить, чтобы мы оплачивали лекарственное средство, которое внесено в формуляр, на более низком уровне совместной оплаты, за исключением таких случаев, когда лекарственное средство входит в специальную группу лекарственных средств.

В целом, план VillageCareMAX одобрит ваш запрос о предоставлении исключения только в том случае, если альтернативные лекарственные средства, которые включены в формуляр плана (или лекарственное средство с более низким уровнем совместной оплаты), или применение ограничений, не смогут так же эффективно лечить вас, и/или будут вызывать у вас неблагоприятное побочное воздействие.

Вы, или лицо, которое выписывает вам рецепт, должны обращаться к нам для того, чтобы подать запрос о предоставлении исключения из формуляра, включая исключения касающиеся установленных ограничений на страховое покрытие. **При подаче просьбы о предоставлении исключения ваш врач должен будет объяснить медицинские причины, по которым вам нужно предоставить исключение.** В целом, мы обязаны принять наше решение в течение 72 часов после получения заявления от вашего врача, поддерживающего ваш запрос. Вы можете подать запрос о принятии ускоренного ("быстрого") решения в том случае, если вы полагаете (и мы согласились с вашим мнением), что ожидание решения в течение 72 часов может нанести серьезный вред вашему здоровью. Если мы согласимся с вами, или если лицо, которое выписало вам рецепт, подало просьбу об ускоренном рассмотрении дела, в таком случае мы должны будем принять наше решение в течение 24 часов после получения от лица, которое выписало рецепт, заявления в поддержку такого решения.

### **Что мне делать в том случае, если мое лекарственное средство не внесено в формуляр или для него установлены ограничения?**

Если вы новый участник нашего плана (или продолжаете участие в нем), вы, возможно, принимать те лекарственные средства, которые не внесены в наш формуляр. Или вы можете принимать такое лекарственное средство, которое указано в нашем формуляре, но для него установлены ограничения, касающиеся страхового покрытия (например - наличие предварительного разрешения). Вам необходимо будет поговорить с лицом, которое выписало вам рецепт, о подаче запроса на принятие страхового решения, чтобы показать, что вы соответствуете требованиям установленным для получения одобрения, перехода на другое соответствующее лекарственное средство, которое мы оплачиваем, или подачи запроса о предоставлении исключения из формуляра, чтобы мы смогли оплачивать вам то лекарственное средство, которое вы принимаете. До того, как вы обсудите этот вопрос со своим врачом, чтобы выбрать правильный план действий, мы можем оплачивать ваше лекарственное средство, в определенных случаях, в течение первых 90 дней вашего участия в нашем плане.

Для каждого вашего лекарственного средства, которое не включено в наш формуляр (или в отношении которого установлены ограничения), мы будем оплачивать временный 30-дневный запас такого лекарственного средства. Если ваш рецепт выписан на меньшее количество дней, мы обеспечим повторную выдачу такого лекарственного средства на срок до 30 дней (максимум). Если оплата не будет одобрена, в таком случае, после истечения вашего первого 30-дневного запаса, мы больше не будем оплачивать такие лекарственные средства, даже если вы были участником нашего плана менее 90 дней.

Если вы будете находиться в заведении для долгосрочного ухода и вам понадобится лекарство, которое не включено в наш формуляр, или если у вас ограниченные возможности для получения вашего лекарства, но вы уже преодолели 90-дневный срок участия в нашем плане - в таком случае мы будем оплачивать 31-дневный аварийный запас такого лекарства в то время, чтобы вы подали запрос на предоставление исключения из формуляра.

В плане VillageCareMAX предусмотрен переходной период, который предназначен для того, чтобы обеспечить непрерывное предоставление страховых льгот по оплате лекарств для новых и существующих участников плана. Иногда возникают такие ситуации, когда вы возможно столкнетесь с измененным уровнем ухода за собой - например: поступление в больницу или в заведение для долгосрочного ухода (или выписка из таких заведений). В таких случаях мы, в одноразовом порядке, предоставим вам срочный запас лекарства, которое не входит в наш формуляр. Лекарства, которые не входят в наш формуляр, включают в себя такие лекарственные средства, которые не вошли в состав нашего формуляра, и лекарства, которые находятся в нем, но требуют получения предварительного разрешения или проведения поэтапной терапии согласно установленным планом правил по использованию лекарств.
