B. Background Information about VillageCareMAX Medicare Total Advantage's Network Providers

B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
    - The term providers also include facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and LTSS.
    - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers.
- **A Primary Care Provider (PCP)** is a healthcare professional, either a physician or Nurse Practitioner, who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
    - Oncologists care for patients with cancer.
    - Cardiologists care for patients with heart conditions.
    - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- A **Care Manager** works closely with you to develop a Person-Centered Service Plan that helps you manage your medical, behavioral health, long-term services and supports, and social and functional needs.

B2. How to choose a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

When you become a member of our plan, you will choose a PCP who is part of our plan network. This provider will be your PCP. You may be able to have a specialist act as your PCP under certain medical circumstances, and if the specialist agrees to participate in your care as a PCP. Call Member Services at 1-800-469-6292 for more information.

If you did not choose a PCP or would like to make a change to your PCP, go to the list of providers in section C and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at the number at the bottom of this page.

If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or

B3. How to identify providers in VillageCareMAX Medicare Total Advantage's network

You must get all your covered services from providers within our network. If you go to providers who are not in VillageCareMAX Medicare Total Advantage's network **(without prior authorization or approval from us), you will have to pay the bill.**

> A **prior authorization** is an approval from VillageCareMAX Medicare Total Advantage before you can get a specific service, drug, or see an out-of-network provider. VillageCareMAX Medicare Total Advantage may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home or traveling outside the United States and its territories. You can also go outside the plan for other non-emergency services if VillageCareMAX Medicare Total Advantage gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider.
- VillageCareMAX Medicare Total Advantage works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, VillageCareMAX Medicare Total Advantage can help you. Talk to your Care Manager for assistance.

B4. How to find VillageCareMAX Medicare Total Advantage providers in your area

You may receive services from any of the providers within our service area. To find a provider near you, search for the type of provider or name of provider by zip code. The providers within this directory are listed as follow:

- Type of provider (e.g. Specialists, Ancillary Providers)
- Specialty (e.g. Cardiology)
- State
- County (alphabetically)
- City/Town (alphabetically)
- Neighborhood/Zip Code
- Provider (alphabetically)

How to access out-of-network providers

As a member of VillageCareMAX, you must use our network providers for covered services except in certain cases. VillageCareMAX will cover services you get from providers who are not part of the plan's network in these cases:

1. If you receive emergency care or urgently needed services
2. Kidney dialysis services when you are temporarily outside the plan's service area
3. If you need medical care that Medicare or Medicaid requires our plan to cover and the providers in our network cannot provide this care. You must obtain prior authorization from VillageCareMAX before getting care from the out-of-network provider
4. If you are a new member and you are receiving long-term care services from fee for service Medicaid, like personal care, adult day health care, care in the nursing home and others, we must continue to cover these services for at least 90 days after you join the plan.
5. If you are enrolled in the Plan and your network provider leaves VillageCareMAX network, we will continue to cover the services that you are receiving from the provider for up to 90 days, in order to facilitate transition to another provider. Providers must agree to accept VillageCareMAX payment as payment in full and adhere to a Quality Improvement program during the transition period.

How to access specialty providers

You do not need a referral from your PCP to see a specialist in our network. You can get these services on your own or your PCP can provide you with assistance if you need help selecting a specialist. If you need additional services, your PCP or specialist will need to get "prior authorization", (approval in advance) from VillageCareMAX for certain services including some diagnostic tests, home health services, and durable medical equipment.

You can get additional information on how to access specialty care by calling Member Services at the number at the bottom of this page.

How to find a network pharmacy

The Pharmacy Directory that lists pharmacy providers is located in section D of this directory

Please refer to the Pharmacy section to find an updated list of pharmacy providers. Or call Member Services at the number at the bottom of this page.

How to access information in other languages

Hearing and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. Our plan has people and free interpreter services available to answer questions from disabled and non-English speaking members. If you need these services, contact VillageCareMAX Member Services Department at 1-800- 469-6292. For TTY/TDD services, call 711.

D. Background Information about VillageCareMAX Medicare Total Advantage's Network Pharmacies

This part of the Directory provides a list of pharmacies in VillageCareMAX Medicare Total Advantage's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

- VillageCareMAX Medicare Total Advantage members must use network pharmacies to get prescription drugs.
    - You must use network pharmacies except in emergency or urgent care situations.
    - If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out-of-pocket for the service. Read the VillageCareMAX Medicare Total Advantage *Evidence of Coverage* for more information.
- Some network pharmacies may not be listed in this Directory.
    - Some network pharmacies may have been added or removed from our plan after this Directory was published.

For up-to-date information about VillageCareMAX Medicare Total Advantage network pharmacies in your area, please visit our website at www.villagecaremax.org or call Member Services at the number at the bottom of this page.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Evidence of Coverage* and VillageCareMAX Medicare Total Advantage's *List of Covered Drugs* (Drug List). If you have a question about covered drugs, please call 1-800-469-6292 (TTY: 711) or visit www.villagecaremax.org to access our online formulary

D1. Types of pharmacies in VillageCareMAX's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.

- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.

You are not required to continue going to the same pharmacy to fill your prescriptions.

You can go to any of the pharmacies in our network.

D2. Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. Just as there is no copay for a one-month supply, there is no copay for a 90-day supply.
