Junto con las farmacias minoristas, la red de farmacias de su plan incluye:

- Las farmacias de pedido por correo envían medicamentos recetados cubiertos a los miembros a través del correo o las compañías de envío.

- Las farmacias de infusión en el hogar preparan medicamentos recetados que se administran a través de una vena, dentro de un músculo o de otra forma no oral por un proveedor capacitado en su hogar
- Las farmacias de atención a largo plazo (LTC) atienden a los residentes de centros de atención a largo plazo, como hogares de ancianos.

No es necesario que continúe yendo a la misma farmacia para surtir sus recetas.
