SECTION 1 Changes to Benefits & Costs for Next Year

Section 1.1 Changes to the Monthly Plan Premium

	2025 (this year)	2026 (next year)
Monthly plan premium (You must also continue to pay your Medicare Part B premium.)	\$72.30 for Part D prescription drug premium depending on your level of assistance	\$58.80 for Part D prescription drug premium depending on your level of assistance

Factors that could change your Part D Premium Amount

- Late Enrollment Penalty - Your monthly plan premium will be *more* if you're required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that's at least as good as Medicare drug coverage (also referred to as creditable coverage) for 63 days or more.
- Higher Income Surcharge - If you have a higher income, you may have to pay an additional amount each month directly to the government for Medicare drug coverage.
- Extra Help - Your monthly plan premium will be *less* if you get Extra Help with your drug costs. Go to Section 5 for more information about Extra Help from Medicare

Section 1.2 Changes to Your Maximum Out-of-Pocket Amount

Medicare requires all health plans to limit how much you pay out of pocket for the year. This limit is called the maximum out-of-pocket amount. Once you've paid this amount, you generally pay nothing for covered Part A and Part B services for the rest of the calendar year.

	2025 (this year)	2026 (next year)
Maximum out-of-pocket amount Your costs for covered medical services (such as copayments) count toward your maximum out-of-pocket amount. Our plan premium and your costs for prescription drugs don't count toward your maximum out-of-pocket amount.	\$9,350	\$9,250 Once you've paid \$9,250 out of pocket for covered Part A and Part B services, you'll pay nothing for your covered Part A and Part B services for the rest of the calendar year.

Section 1.3 Changes to the Provider Network

There are no changes to our network of providers for next year.

We can make changes to the hospitals, doctors, and specialists (providers) that are part of our plan during the year. If a mid-year change in our providers affects you, call Member Services at 1-855-296-8800 (TTY users call 711) for help. For more information on your rights when a network provider leaves our plan, go to Chapter 3, Section 2. .3 of your *Evidence of Coverage*.

Section 1.4 Changes to the Pharmacy Network

Amounts you pay for your prescription drugs can depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies.

There are no changes to our network of pharmacies for next year.

We can make changes to the pharmacies that are part of our plan during the year. If a mid-year change in our pharmacies affects you, call Member Services at 1-855-296-8800 (TTY users call 711) for help.

Section 1.6 Changes to Part D Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a formulary or Drug List. A copy of our Drug List is provided electronically.

We haven't made any changes to our Drug List at this time for next year. However, we might make changes during the year that are allowed by Medicare rules. We update our online Drug List at least monthly to provide the most up-to-date list of drugs. If we make a change that will affect your access to a drug you're taking, we'll send you a notice about the change.

Section 1.7 Changes to Prescription Drug Benefits & Costs

Do you get Extra Help to pay for your drug coverage costs?

If you're in a program that helps pay for your drugs (Extra Help), **the information about costs for Part D drugs does not apply to you.** We have included a separate material, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs*, which tells about your drug costs. If you get Extra Help and didn't get this material with this packet, call Member Services at 1-855-296-8800 (TTY users call 711) and ask for the *LIS Rider*.

Drug Payment Stages

There are 3 **drug payment stages**: the Yearly Deductible Stage, the Initial Coverage Stage, and the Catastrophic Coverage Stage. The Coverage Gap Stage and the Coverage Gap Discount Program no longer exist in the Part D benefit.

- *Stage 1: Yearly Deductible*

You start in this payment stage each calendar year. During this stage, you pay the full cost of your Part D drugs until you’ve reached the yearly deductible.

- *Stage 2: Initial Coverage*

Once you pay the yearly deductible, you move to the Initial Coverage Stage. In this stage, our plan pays its share of the cost of your drugs, and you pay your share of the cost. You generally stay in this stage until your year-to-date total out-of-pocket costs reach \$2,100.

- *Stage 3: Catastrophic Coverage*

This is the third and final drug payment stage. In this stage, you pay nothing for your covered Part D drugs. You can have cost sharing for drugs that are covered under our enhanced benefit. You generally stay in this stage for the rest of the calendar year.

The Coverage Gap Discount Program has been replaced by the Manufacturer Discount Program. Under the Manufacturer Discount Program, drug manufacturers pay a portion of our plan’s full cost for covered Part D brand name drugs and biologics during the Initial Coverage Stage and the Catastrophic Coverage Stage. Discounts paid by manufacturers under the Manufacturer Discount Program don’t count toward out-of-pocket costs.

Drug Costs in Stage 1: Yearly Deductible

The table shows your cost per prescription during this stage.

	2025 (this year)	2026 (next year)
Yearly Deductible	\$590	\$615 During this stage, you pay \$2 cost sharing for drugs on Preferred Generic (Tier 1), \$8 cost sharing for drugs on Generic (Tier 2), and \$0

	2025 (this year)	2026 (next year)
Yearly Deductible (continued)		cost sharing for drugs on Select Care Drugs (Tier 6) and the full cost of drugs on Preferred Brand (Tier 3), Non-Preferred Drug (Tier 4), and Specialty Tier (Tier 5) until you've reached the yearly deductible.

Drug Costs in Stage 2: Initial Coverage

For drugs on Non-Preferred Drug (Tier 4), your cost sharing in the Initial Coverage Stage is changing from a copayment to coinsurance. Go to the following table for the changes from 2025 to 2026.

The table shows your cost per prescription for a one-month(30-day) supply filled at a network pharmacy with standard cost sharing.

Most adult Part D vaccines are covered at no cost to you. For more information about the costs of vaccines, or information about the costs for a long-term supply; at a network pharmacy that offers preferred cost sharing; or for mail-order prescriptions, go to Chapter 6 of your Evidence of Coverage.

Once you've paid \$2,100 out of pocket for covered Part D drugs, you'll move to the next stage (the Catastrophic Coverage Stage).

	2025 (this year)	2026 (next year)
Preferred Generic (Tier 1):	\$2 copay	\$2 copay
Generic (Tier 2):	\$9 copay	\$8 copay
Preferred Brand (Tier 3):	25% of the total cost	23% of the total cost
Non-Preferred Drug (Tier 4):	\$100 copay	32% of the total cost
Specialty Tier (Tier 5):	25% of the total cost	25% of the total cost
Select Care Drugs (Tier 6):	\$0 copay	\$0 copay

Changes to the Catastrophic Coverage Stage

If you reach the Catastrophic Coverage Stage, you pay nothing for your covered Part D drugs. You may have cost sharing for excluded drugs that are covered under our enhanced benefit.

For specific information about your costs in the Catastrophic Coverage Stage, go to Chapter 6, Section 6, in your *Evidence of Coverage*.

Be sure, when calling, to inform them of your Medicare Part D plan name or policy number.
 - **The Medicare Prescription Payment Plan.** The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across the calendar year (January – December). Anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.**

Extra Help from Medicare and help from your SPAP and ADAP, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All members are eligible to participate in the Medicare Prescription Payment Plan, regardless of payment option. To learn more about this payment option, call us at 1-855-296-8800 (TTY users call 711) or visit www.Medicare.gov.
